Your Time Matters ... Working Sm@rter

Priority Management is a world leader in time & workload management training. This seminar will provide you an overview of their full day training course and give you 5 core principles in managing your time and workload to put into effect as soon as you walk out the door. The seminar is all about challenging yourself and your team and showing them some of the techniques that they can implement now to take control of their work and focus on what matters most, both to the business and in their personal life.

Friday 27 June 7.00am Mackellar Motel
RSVP essential chamber@gunnedah.org.au
